

From "Join The Circle"

IT'LL BE ALRIGHT

music and lyrics by Elaine Serling (ASCAP)

verse

Some days are cloudy, gloomy and grey
Some days seem like they won't go away
Sometimes you feel like staying at home
Sometimes you feel like being alone

You can worry and wonder, what's it about
Where does it lead to, unhappiness and doubt

chorus

Just gotta say, it'll be alright
The sun will shine, shine so bright
Look for the blue skies, blue skies above
It's a great big world, and its filled with love
A great big world, and its filled with love.

verse

Maybe it's springtime, and it's still a'snowin'
Maybe the wind's cold, gusty and blowin'
River is movin', flowin' so fast
Thinkin' where's it a goin', how long can it last
Beyond the next meadow and over the hill
Rainbow's are callin', they always will

chorus

Just gotta say, it'll be alright
The sun will shine, shine so bright
Look for the blue skies, blue skies above
It's a great big world and it's filled with love,
A great big world.....

bridge

Today is the dawn of every tomorrow
Keep your dreams, let go of the sorrow
Discover the magic, in this simple line
You'll start feeling, feeling so fine

chorus

Just gotta say, it'll be alright
The sun will shine, shine so bright
Look for the blue skies, sunshine above
It's a great big world.....world full of love
It's yours and mine.....I say love makes it fine
It'll be alright
In this great, big world.....of love
